

## **AWHONN Offers Webinar Series**

**The AWHONN Consulting Group (ACG) is pleased to offer a new series of webinars for you and your staff in 2007. The series of one-hour webinars will expand the knowledge-base and skills of your nurses—without requiring time away from your unit.**

**Encourage your staff to sit in and gain valuable insights from AWHONN's expert consultants on hot topics including patient safety, evidence-based practice and fetal heart monitoring. Registration for the introductory webinars is free of charge, compliments of the AWHONN Consulting Group. CNE is not available for the educational activity.**

**Visit [www.awhonn.org](http://www.awhonn.org) for more information or to register. Space is limited.**
